## BOOK SYNOPSIS

Abnormal Psychology, 5th Canadian Edition will provide your students with the most up-to-date, relevant and reliable content available in an abnormal psychology undergraduate textbook. Professors can trust that with Davison 5e their students have the most comprehensive and accurate content and research coverage available in a textbook providing them the foundation they need to succeed in their Canadian psychology studies. Based upon reviewer feedback, sections of the text have been updated extensively to incorporate numerous new research developments, and many new cases have been added to illustrate specific disorders. The text fully integrates changes to the DSM-5 and places a stronger emphasis on tying themes to emerging research findings. Over 900 new international and Canadian references have been added to this edition.
